

## **Las Vegas Wedding Favors for an Unforgettable Gift**

A Las Vegas wedding is a very exciting experience! You can be married by an Elvis look-a-like Justice of The Peace with all the guests adorned in their appropriate themed clothes. Or you can go for a stylish affair at the renowned Bellagio.

The casino comes to mind with the idea of Las Vegas. Why not include some tasty chocolate dice in the favors? Or maybe some foil wrapped chocolate money in party bags. Later on in the evening reception, you could have a roulette wheel where the guests use their chocolate money favors to bet with. What an exciting way to gamble and you could be in for a delicious win!

A great little addition for your Vegas themed wedding is to use playing cards for your place cards with the King and Queen of hearts for the happy couple. The cards can be used later in the evening for a lottery type competition to give added excitement.

How about some glass coasters with playing cards embossed on them for your wedding favors? These will make great memorable gifts for your merry day. Maybe, instead of the playing card theme for your coasters you could have the names and logos of famous casinos on them such as the famous (or infamous) Tropicana, the Venetian and the MGM.

Secure a Las Vegas style band for your evening reception playing all your favourite tunes to dance the night away. Get everyone in the mood with old Elvis songs. If some of your guests didn't know much about Las Vegas, they will now.

A wedding is not a wedding without the flowing drinks. How about some cute cocktail glasses for your Las Vegas Wedding favors? Box them up with a little tub of olives and cocktail sticks. Who knows maybe they will be put to the test in the evening.

Help your guests create a real Las Vegas ambiance with blackjack themed tea lights. You could have a ceremony after dinner where everyone lights the candles in honour of this fabulous day. Your guests can always be reminded of this united ceremony long after your wedding day.

To give that little extra authenticity, you could hire a look-a-like related to your Vegas wedding such as Elvis. He could mingle around the guests and maybe do a final song for the evening.

With this kind of exciting themed wedding, the odds are on your side to create a fun occasion and truly delight your guests. Give a little slice of Vegas to your party and they will feel like they have been to the real thing!
